5. Congrats! You now have access to a \$150 revolving Azure credit that gets replenished every month automatically. Please be remmber to **be mindful** when deploying resources such as Virtual Machines. Leaving them running for long periods of time will not only eat up your \$150 monthly credit, but also will also put un-needed stress on our Azure platform that our customers' could be using. Delete resources after you are done with them.

How to Access + Verify Your Visual Studio Subscription

1. Head to portal.azure.com
2. When/if prompted, make sure to log into your **Personal Microsoft Account (MSA)**.
 - a. **There is a good chance here that you may be logged into your c@microsoft.com account automatically. If this happens:
 - b. Click on your email on the top right and in the dropdown click on "Sign in with a different account"

- c. You should then proceed to log in using your **Personal Microsoft Account (MSA)**
3. You can verify your subscription by search for "**Subscriptions**" at the top of the page or by finding the "**Subscriptions**" button under **Navigate**

4. You will then find the Subscription Name along with Subscription ID
